

Join us for the 2nd Hyogo Science E-cafe:

The Coming Technological Singularity

やがて来る

技術的特異点

Hosted by The Hyogo Science Coalition and
The Kobe University Science Shop

Saturday, August 1st, 1000円

With a cup of coffee/tea and sweets

At Nomadika , Kobe (map below)

15:00-17:00 [14:45 Open]

The Singularity is coming within 30 years,
and your life will never be the same again!

Professor Emeritus Takuya Matsuda of Kobe University will give a short talk on the technological singularity (技術的特異点) expected to occur around 2045. A superintelligence (超知能), whose intellectual capacity far exceeds that of humankind, will rise, and it advances science and technology enormously. Because of this, the civilization of humankind will enter a utopian phase or may be dystopian one. Possible courses to the singularity will be discussed.

Keywords: Technological singularity, superintelligence, artificial intelligence

After the presentation, we will have a discussion
over café drinks and sweets. Native speakers will be there to help!

**Learn about science and
practice English!!!**

**E-mail your name to Kobe University
Science Shop at:**

SS-STF@RADIX.H.KOBE-U.AC.JP

Register by July 29th

Space is limited to the first 35 people
